PRODUCT RANGE
ZATEA OIL

Morozovsk branch of ASTON JSC produces a wide range of products. Currently, four types of vegetable oil are produced under TM Zatea: refined sunflower oil, aromatic sunflower oil, corn oil and a mixture of high oleic sunflower oil "Premium" with Extra Virgin olive oil.

The quality of oils produced under TM Zatea corresponds to the following standards and regulations:

- GOST 1129-2013 "Sunflower oil. Technical specifications".
- GOST 8808-2000 "Corn oil. Technical specifications".
- STO 33356775-010-2010 "Vegetable oil – a mixture of high oleic sunflower oil of Premium quality with olive oil".
- TR TS 024/2011 "Technical regulations for fat-and-oil products".
- TR TS 021/2011 "About safety of foodstuffs".

PRODUCT RANGE
SVETLITSA OIL

The quality of oils produced under TM Svetlitsa corresponds to the following standards and regulations:

- GOST R 1129-2013 "Sunflower oil. Technical specifications".
- GOST 8808-2000 "Corn oil. Technical specifications".
- TR TS 024/2011 "Technical regulations for fat-and-oil products".
- TR TS 021/2011 "About safety of foodstuffs".

In 2009, the production of vegetable oil "Svetlitsa" in consumer PET bottles was launched at the Morozov Oil Extraction Plant. Thanks to the use of the most modern technologies, all natural vitamins and nutrients are maximum preserved in the oil.

Oil type/package	900 ml	4.5 L
Refined sunflower oil	✓	✓
Aromatic sunflower oil	✓	
Refined corn oil	✓	

TM Svetlitsa – refined sunflower oil

Composition: 100% refined deodorized sunflower oil of first grade.

The oil is characterized by a high content of polyunsaturated and monounsaturated fatty acids, without cholesterol. Ideal for salads, frying, baking, stewing and canning.

The products are packaged in PET bottles with a capacity of 900 ml and 4.5 L.
Shelf life: 18 months.

Characteristics	900 ml	4.5 L

PRODUCT RANGE
ASTON OIL

The quality of oils produced under TM ASTON corresponds to the following standards and regulations:

- STO 33356775-001-2008 "High oleic sunflower oil of Premium quality. Technical specifications".
- TR TS 024/2011 "Technical regulations for fat-and-oil products".
- TR TS 021/2011 "About safety of foodstuffs".

In the HoReCa segment, the company produces high-oleic sunflower oil TM ASTON. The main feature of the product, advantageously distinguishing it from traditional vegetable oils is the high content of oleic acid. This substance is an important element in functional nutrition. ASTON oil is awarded at prestigious Russian and international competitions.

Oil type/package	1 L	1.8 L	5 L
High oleic sunflower oil	✓	✓	✓

TM ASTON – high oleic sunflower refined oil

Composition: 100% refined deodorized high oleic sunflower oil of premium quality.

According to the fatty acid composition of high-oleic sunflower oil ASTON is equivalent to olive oil, it is 4 times more resistant to oxidation and heat than ordinary sunflower oil, has a higher smoke point (minimum 260 degrees), so it is ideal for frying and deep frying.

Products are packaged in PET bottles with a capacity of 1 L, 1.8 L and 5 L.
Shelf life: 18 months.

Characteristics	1 L	1.8 L	5 L
